

Surgical Services

Surgical Services

WH Surgical Services has a highly skilled team of nurses, physicians, and support staff who provide progressive surgical techniques with modern equipment. WH has five operating rooms and two Endoscopy suites. Our team provides 24-hr access to both elective and emergency surgeries. The services we provide include Gynecology, General Surgery, Ophthalmology, Urology, ENT (ears, nose, throat), Orthopedics and Dental surgeries for adults and pediatrics. Our services also include a Pre-Admit Clinic, Telephone Consult Clinic and Anesthetic Consult Clinic for preoperative patient assessment. The Surgical Services Department ensures that whether you are going home on the same day your surgery is done, or being admitted for a longer stay, we do everything we can to make sure our patient's have the best possible experience.

Pre-Admit Clinic

Prior to day of surgery, most surgical patient's will either visit the [Pre-Admit Clinic](#) in person, or may qualify for a Telephone Consult only. Patients receive an Information Booklet from their Surgeon prior to their visit and are asked to complete a preoperative questionnaire before the visit. A Pharmacy student reviews all medications with patients in the clinic. Diagnostic testing may also be done at this time, if required.

Surgical Daycare

Surgical Daycare is the preparation and recovery unit for outpatients undergoing procedures in the Operating Room, Endoscopy Suite or Diagnostic Imaging Department.
