Your Voice, Your Vision: Creating Great Care Together

Woodstock Hospital is excited to work with the patients and visitors we serve, our staff, physicians and volunteers, as well as other health and community partners to develop a new Strategic Plan for 2020-2025. [Click here to learn how you can get involved...](#)

MyChart Coming to Woodstock Hospital

On June 24, 2019, patients can begin registering for MyChart™ at Woodstock Hospital. MyChart™ is a free, secure online tool that gives patients easy access to their health information, any time, from anywhere. [Click here to read more about MyChart registration...](#)

Proposed Oxford Region Health Team

In response to the open call by the Ontario Government for readiness self-assessments for Ontario Health Teams (OHT), a team of more than 20 health and community care partners in Oxford have taken the first step toward designation as an OHT by submitting the required Self-Assessment document. [Click here to learn more about the Oxford Region Health Team...](#)

Announcing the Incoming President & CEO

Further to the June 27, 2018 announcement of the retirement of the Woodstock Hospital's President & CEO, Natasa Veljovic, the Board of Trust is pleased to announce that Perry Lang, Chief Operating Officer, has met the CEO selection criteria and accepted the role of President & CEO starting January 1, 2019. [Click here to read more about the incoming President & CEO...](#)

President & CEO's Retirement Announcement

Woodstock Hospital will begin transitioning the role of President & CEO after Natasa Veljovic announced her intention to retire December 31, 2018. Ms. Veljovic has served Woodstock Hospital for 25 years. During her 22 years as President & CEO, she has led the hospital through growth, improvements and tremendous change, including the building of a new facility. [Click here to read more about Ms. Veljovic's leadership ...](#)

Most Improved Ambulance Offload Times

Working with its partners at Oxford County Paramedic Services, Woodstock Hospital has significantly reduced its Ambulance Offload Times (AOT), an important step towards improving the patient experience for area residents. [Click here to read more about our Ambulance Offload Times...](#)
