

Novel Coronavirus (COVID-19) Information

Novel Coronavirus (COVID-19) Information

Woodstock Hospital is working with our health care partners, Southwestern Public Health, and the Ministry of Health to respond to the rapidly evolving situation. We have made changes and taken action to limit the spread of COVID-19. The safety of our patients, visitors, staff, and the broader community remains our top priority.

We also want to reassure the community that we are here to safely care for you. If you are experiencing a medical emergency or severe respiratory illness, please come directly to the Emergency Department or call 9-1-1.

If you are searching for the number of active COVID-19 cases in Woodstock or Oxford County, please visit Southwestern Public Health's Dashboard, [which you can access now by clicking here](#).

Woodstock Hospital COVID-19 Assessment Centre

Woodstock Hospital has a COVID-19 Assessment Centre (trailer on hospital grounds) for residents of Woodstock and Oxford County. It's open from 10:00 am- 8:00 pm 7 days/week. [Click here to learn about how to book an appointment to be tested for COVID-19...](#)

Visiting Guidelines During COVID-19

With the onset of the COVID-19 pandemic, Woodstock Hospital implemented restricted visiting and limited entrances. This assists with the screening process and ongoing efforts to limit the spread of COVID-19. Visitor guidelines are updated based on Ministry guidance. [Click here to learn more about our modified visiting guidelines due to COVID-19...](#)

Woodstock Hospital News About COVID-19

Woodstock Hospital has released a number of media releases related to the novel coronavirus (COVID-19) pandemic. Please continue to monitor our website, and follow us on Twitter and Facebook for the most up-to-date information. [Click here to learn more about hospital news relating to COVID-19...](#)

Information for Patients

Woodstock Hospital is beginning to safely reintroduce surgeries, procedures and other services that were paused in anticipation of a potential surge of novel coronavirus (COVID-19) cases. [Click here to learn more about our reintroduction of hospital services..](#)

General COVID-19 Information

The World Health Organization (WHO) has declared the novel coronavirus (COVID-19) a pandemic. A pandemic is declared when a new disease for which people do not have immunity spread around the world beyond expectations. [Click here to learn more about COVID-19...](#)
